## **SouthGobi Resources signs two additional coal supply agreements**

**HONG KONG** – Alexander Molyneux, President and CEO of SouthGobi Resources Ltd. (TSX: SGQ, HK: 1878), announced today that the company has signed a coal supply agreement with North Asia Energy Group Limited (“NAEG”) for the sale of 450,000 tonnes of coal in 2011 and another for 500,000 tonnes of coal in 2011 with a large international company.

NAEG is a venture between North Asia Resources Holdings Limited (HK: 0061) and China Railway Mongolia Investment LLC, which is a member of China Railway Group Limited (“CRG” HK: 0390, SHA: 601390), a significant Chinese state owned enterprise involved in railway construction and management. Importantly, CRG is a shareholder and involved in management of the new Chinese railway line from Linhe to Ceke. Ceke which is approximately 45 kilometres south of SouthGobi’s Ovoot Tolgoi coal mine in southern Mongolia, is a major Chinese coal distribution terminal with rail connections to key coal markets in China.

Pricing for the coal in both contracts will be determined by mutual agreement in advance of each quarter.

“We welcome NAEG and the large international company as new customers,” said Mr. Molyneux. “These agreements are consistent with our plan to continue to increase the sales volume of SouthGobi’s coal and broaden our customer base”

SouthGobi, which began mining coal in 2008, sold 1.3 million tonnes of coal in 2009. The company is on track to sell approximately 2.5 million tonnes in 2010.

### **About SouthGobi Resources**

SouthGobi Resources is focused on exploration and development of its Permian-age metallurgical and thermal coal deposits in Mongolia’s South Gobi Region. The Company’s flagship coal mine, Ovoot Tolgoi, is producing and selling coal to customers in China. The Company plans to supply a wide range of coal products to markets in Asia.
